4-42 POWER STEERING OIL PUMP

The diagram shows a truck chassis with various components labeled with numbers. A central photo shows the front of a white Isuzu truck with 'ISUZU' and '125PS TURBO DIESEL' branding. A tiger logo and 'ELF HD' text are also visible. Surrounding this are several smaller photos: 'EURO-2' on a side panel, a close-up of the front suspension, a side view of the chassis, a 'WHEEL DISC 6 PIN' on a tire, and a close-up of the power steering oil pump. A technical drawing of the chassis is at the bottom, with callout lines connecting to the photos. The callout numbers are: 2, 20, 24, 34, 39, 42, 51, 63, 101, 103, 105, 130, 137, 139, 140, 217, 344, 345, 359, 360, 361, and 399.
